**Ranking Stripes** - These stripes will indicate which belt assignments the student is proficient at. Ranking Stripes will be earned during stripe testing week. Stripe testing week will start on the Monday two weeks prior to the next belt testing. Students may earn all the stripes the first day or it may take them the whole week to earn the stripes. (After the belt is tied, these stripes are on the left side of the belt)

**Ranking Stripe Colors and representation:**

Yellow = Basics, Orange = Patterns, Green = Speed Drills, and Blue = Close Range

**Testing Stripe** – This stripe will indicate when a student has waited the required time and made the required classes at his belt rank. (After the belt is tied, this stripe is on the right side of the belt). A student may ONLY receive his testing stripe after he has earned all Ranking Stripes.
